Homosassa, FL 34448

Dear Fly Fishing Club Leaders;

The Great Lakes Council Federation of Fly Fishers is again sponsoring the Great Lakes Fly Tying Expo. This years Expo is scheduled for Saturday, December 4, 2005 at the Main Arena of the Ingham County Fairgrounds in Mason, Michigan. Hours are from 9:00 to 4:00. We have invited over 150 tiers and expect a much larger crowd than last year.

This year we will again have an area set up for non-profit groups that promote fly fishing to promote themselves. Last year we had a handful of clubs take participate in this opportunity. We hope that many more fly fishing clubs will choose to participate this year.

The Great Lakes Council will provide each organization with one 3x8 covered table and chairs. Electrical outlets are available. The organizations will be allowed to display and hand out literature, recruit members, and sell their merchandise. They may also continue any ongoing fundraising activities such as raffles or drawings. Please keep in mind that this event is the main fundraiser of the GLC so confirm with me that your activity will be allowed.

The GLC will provide this space free of charge to non-profit groups. Everyone attending must pay the general admission for the Expo. It will be the attending group's responsibility to assure that their table is manned at all times except during the mid-day auction and that the table space and surrounding area is cleared at the end of the day. It is also the responsibility of all attending groups to assure that all sales comply with state regulations.

To reserve your space please contact me by November 10, 2005. Upon confirmation, I will provide you with specific information and directions to the Expo. If you have any questions I can be reached by e-mail at GLCexpo@yahoo.com or by phone at (352) 628-9233 (24/7), mobile (352) 634-4538, or by mail at the above address.

I look forward to hearing from you.

Victor Edwards, Expo Chair
